FROM THE COMMODORE:

Summer is flying by way too quickly.

Port Hope Weekend was great! We had a good turnout for the pig roast and lots of food left over for a meal on Sunday after the Can-Am Races. As you already may know the racing was brisk and Brockport was victorious in bringing the cup back home. Its fun to renew old friendships each year with our friends from our sister yacht club in Canada.

Sunfish kid's classes were last weekend and Tom Guhl & his helpers did an incredible job. I've heard rave reviews about how the classes went this year. Twenty one eager students showed up for two days of lessons and lots of sailing. Great job everyone and thank you for continuing this tradition. The club is very lucky to find a worthy successor to the Evans's.

It's time to get your sunfish out and clean the bottom – coming up is the Art Danielson Sunfish Regatta on the 28th. Hope to see a great turnout for this fun event.

Our annual wine tasting party will be September 5th – Dick Olsen and his band of sommeliers will present an extensive selection for tasting. Its lots of fun and the proceeds benefit the American Heart Association this year. Come join us. Don't forget the corn roast coming up on September 11th. Lots of food (sweet corn) and one of the last outdoor parties for the club in 2010.

The turn out for Wednesday night races have been amazing – 22 boats this last week. They must be having lots of fun. We've had an amazing number of boats participating this year.

Who said - change is constant – what a year! Low water to normal water depths.

Hope to see you at the club soon.

REAR COMMODORE:

Things are running pretty smoothly down at the club. Wine tasting and corn roast are coming. Summer race series is ending soon, regatta season is winding up, busy, busy, busy. I am looking for a few people to form a committee to work up some options for shed replacement/consolidation. We have several sheds scattered around the club that are all in need of attention. I'd like to have a plan in place by next spring so now is the time to start. Nancy and I are planning on a quick weekend cruise over to Coburg on August 28th and returning on Monday August 30th. It would be nice to have a couple of other boats, if anyone is interested in coming along, let us know. Fair winds.

~ Jon

I was contacted about a 1978 Pearson 26 for sale in Geneva. Since we have quite a fleet at the club, I'm including a link to the boat ad here. If interested, don't hesitate to contact Frank.
